

Paper Plate Llama

You will need:

- paper plate or a piece of A4 card cut to shape (18cm)
- llama template
- felt-tip pens
- paints
- paintbrush
- glitter card (optional)
- small pom-poms
- beads
- glue
- glue spreader
- scissors

Fold the paper plate in half. Make sure to push on the fold line, so that the fold is very clear.

Open out the paper plate and carefully cut along the fold line. You will end up with two semicircle shapes. Put one aside for step five.

Cut out the llama shapes from the Llama Template.

Lay one of the semicircle shapes on to the work surface, with the plate the correct way up. Lay the llama shapes on the semicircle and draw around them. Write the numbers in the correct places on to the plate.

Paper Plate Llama

Carefully, cut out the llama shapes. Then, glue these on to the other semicircle shape. Make sure that the numbers of the pieces match up.

Cut out Template Two. If you're using glitter card, place the template on to the glitter card and draw around it. Then, cut it out. Turn the llama over so the front is facing upwards.

Using the glue, stick the glitter card on to the llama's body and then stick a row of pom-poms just below the glitter card.

Finally, draw and paint the extra details, including the llama's eye, mouth and nose.
