Dear Trustees

## Kibblesworth Academy

### Audit findings for the year ended 31 August 2021

This Audit Findings report highlights the significant findings arising from the audit for the benefit of those charged with governance. We appreciate that you may be aware of some of the matters contained in this report, however as required by International Standard on Auditing (UK) 260 we are communicating them to you formally.

As auditors we are responsible for performing the audit, in accordance with International Standards on Auditing (UK) (ISAs (UK)), which is directed towards forming and expressing an opinion on the financial statements that have been prepared on behalf of management with the oversight of those charged with governance. The audit of the academy trust's financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements. The contents of this report relate only to those matters which came to our attention during the conduct of our normal audit procedures which are designed primarily for the purpose of expressing our opinion on the financial statements. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Our report also includes details of recently released accounting standards and legislation which we would like to bring to your attention – see appendix III. This section is for information only. Appendix IV also lists all the “musts” that are included within the Academy Trust Handbook 2021.

We are an accounting, tax, audit, advisory and businesses services group that delivers a personal experience both digitally and at your door.

## Executive summary

### Audit overview

This table summarises the key findings from the statutory audit of Riverside Primary Academy for the year ended 31 August 2021 for those charged with governance.

Audit opinion	<ul style="list-style-type: none"> <li>We do not propose any modifications to our audit opinion which is unqualified.</li> <li>We have no matters to report regarding the adoption of the going concern basis or inadequate disclosures relating to material uncertainties.</li> <li>Our audit work is substantially complete and there are currently no matters which would require modification of our audit report.</li> </ul>
Key findings on audit risks and other matters	<ul style="list-style-type: none"> <li>We have reported our audit findings on pages 3 - 8 and audit adjustments on page 9. The impact on the academy trust's reserves excluding the LGPS adjustment is £7k.</li> <li>We are pleased to report that the audit progressed well from our perspective and in accordance with the agreed timetable.</li> </ul>
Audit adjustments	<ul style="list-style-type: none"> <li>We are required to communicate all potential adjustments, other than those considered to be clearly trivial, to management and to request that management corrects them. Details of the audit adjustments and potential adjustments are included on pages 9 and 10.</li> <li>The aggregate impact of unadjusted misstatements on the SOFA, were they to be processed, would result in a combined decrease to the trust's reserves of approximately £800 which is immaterial to the financial statements. Details of unadjusted misstatements are included on page 10.</li> </ul>
Accounting systems and internal controls	<ul style="list-style-type: none"> <li>We have applied our risk-based methodology to your audit. This approach requires us to document, evaluate and assess your business processes and internal controls relating to the financial reporting process.</li> <li>Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we have reported these to you on page 11.</li> </ul>

## Materiality

Whilst our audit procedures are designed to identify misstatements which are material to our audit opinion, we also report to those charged with governance and management any uncorrected misstatements of lower value errors to the extent that our audit identifies these.

Under ISA (UK) 260 ‘Communication with those charged with governance’, we are obliged to report uncorrected omissions or misstatements other than those which are ‘clearly trivial’ to those charged with governance. ISA (UK) 260 defines ‘clearly trivial’ as matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria.

An omission or misstatement is regarded as material if it would reasonably influence the users of the financial statements. The assessment of what is material is a matter of professional judgement and is affected by our assessment of the risk profile of the business and the needs of the users.

Our assessment of materiality for this year ended 31 August 2021 was calculated as follows.

	£	Explanation
<b>Overall materiality for the financial statements</b>	10,800	Accounts materially misstated where total errors exceed this value.
<b>Performance materiality</b>	8,100	Work performed to capture individual errors at this level.
<b>Trivial threshold</b>	540	All errors greater than this are reported.

## Significant findings

### Findings related to significant risks

Significant risks are defined by professional standards as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, we consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Risk	Audit approach	Audit findings and conclusion
<p><b>Fraud in revenue recognition</b> Under ISA (UK) 240 there is a presumed risk of fraud in relation to revenue recognition. The presumption is that the company could adopt accounting policies or recognise income in such a way as to lead to a material misstatement in the reported revenue position.</p>	<ul style="list-style-type: none"> <li>Review and testing of revenues recognition policies</li> <li>Detailed substantive testing on all material revenue streams, including ESFA and local authority funding</li> </ul>	<p>We are satisfied that income is free of material errors and is appropriately disclosed in the financial statements.</p>
<p><b>Management override of controls</b> Under ISA (UK) 240 there is a presumed risk that management and trustees have the ability to process transactions or make adjustments to financial records outside of the normal financial control processes. Such transactions could lead to a material misstatement in the financial statements.</p>	<ul style="list-style-type: none"> <li>Review of accounting estimates, judgement and decisions made by management</li> <li>Testing of journal entries</li> <li>Review of significant unusual transactions</li> </ul>	<p>Our testing did not indicate any evidence of management override of controls.</p>
<p><b>Going concern</b> Under ISA (UK) 570, there is a presumed risk that the academy trust may not be a going concern.</p>	<ul style="list-style-type: none"> <li>Review of year end reserves</li> <li>Review of budgets for at least 12 months following the date the accounts are approved</li> <li>Review of future plans and commitments</li> </ul>	<p>See our assessment of the work done on going concern below.</p>

## Other findings

Other identified risks	Audit approach	Audit findings and conclusion
<p><b>Related parties</b></p> <p>Under ISA (UK) 550, there is a presumed risk that related party transactions may be inaccurate or misstated within the financial statements</p>	<ul style="list-style-type: none"> <li>• Review of completeness of declared related parties</li> <li>• Review of accounting records for potential additional transactions</li> <li>• Review of compliance with ESFA regulations</li> <li>• Discussions with management</li> </ul>	<p>We have not identified any undisclosed related party transactions.</p>
<p><b>LGPS liability and disclosures</b></p> <p>There is a risk that the liability and disclosures in respect of the local government pension scheme liability may be materially misstated.</p>	<ul style="list-style-type: none"> <li>• Review of assumptions made and comparison with other academy trusts</li> <li>• Review of adjustments and comparison with the actuary's report</li> <li>• Review of disclosures and comparison with the actuary's report</li> <li>• Review of the credentials of the actuary preparing the valuation</li> </ul>	<p>Our review did not identify any issues with the report provided, nor the adjustments and disclosures made in the financial statement.</p>

### Impact of Covid-19

The pandemic may have increased risks due to financial controls being adapted, additional sources of funding being obtained and additional guidance being issued by the ESFA

- Review of additional income such as CJRS and exceptional funding claims where relevant
- Review of accounting entries and balances
- Considering additional risks where financial controls have been adapted
- Additional considerations around going concern and post balance sheet events
- Discussions with management

Our review and risk assessment took into accounts the impact of Covid-19 and we have reviewed material accounting entries and financial statements disclosures. We have nothing to report to you in this regard.

### Valuation and recognition of land and buildings

There is a risk that land and buildings may not be appropriately recognised or valued in the financial statements.

- Review of leases and supplemental agreements to confirm basis for occupation
- Review of valuation reports
- Review of potential impairment of assets
- Discussions with management

We have reviewed the initial recognition of land in the trust balance sheet and updated guidance relevant to long leasehold land and processed and adjustment to depreciate the leasehold land over the term of the lease from the date it commenced.

### Restricted and unrestricted funds

There is a risk that restricted grants could be spent on expenditure other than in accordance with the terms of the funding, or that expenditure may be inappropriately allocated to the incorrect fund

- Review grant income to understand the restrictions in place
- Review a sample of expenditure to ensure in accordance with the restrictions, and appropriately accounted for against the correct fund
- Review funds carried forward for reasonableness and to ensure I accordance with the terms of the grant

From our review we are satisfied that funds have been appropriately accounted for and disclosed in the financial statements.

**There were no changes to our audit plan previously communicated to you.**

## Going concern

As auditors, we are required to “obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the entity's ability to continue as a going concern” (ISA (UK) 570).

Management's assessment of going concern	Audit work performed	Audit findings and conclusion
Management and trustees have assessed the trust be a going concern as required by the Academies Financial Handbook. This assessment is based on the management accounts, levels of reserves, the budgets approved for 2021/22 onwards and by reference to other available information.	We have reviewed the trust's financial forecasts including their underpinning assumptions, held discussion with management including the future plans of the trust, reviewed the expected levels of reserves in the future, considered the ongoing impact of Covid-19 and expectations around funding/income, payroll expenditure and other expenses.. We have also considered the narrative included in the Trustees' Report and in the notes to the financial statements	We concur with management's assessment that it is appropriate to continue to adopt the going concern basis and there are no material uncertainties relating to going concern which should be disclosed in the financial statements.

## Accounting policies, judgements, estimates and disclosures

### Accounting policies

The accounting policies used in preparing the financial statements are unchanged from the previous year.

We do not have any comments or recommendations to make to you in respect of accounting policies.

### Judgements and estimates

We have covered the risks inherent in the valuation of the LGPS liability elsewhere in this report.

We have covered the risks in estimating the value of land and buildings, and on assets and liabilities on conversion/transfer elsewhere in this report.

We are satisfied that the depreciation policy and rates adopted are appropriate to the trust.

We have no further comments in respect of accounting estimates.

### Disclosures

Our work included a review of the adequacy of disclosures in the financial statements and consideration of the appropriateness of the accounting policies and estimation techniques adopted by the academy trust.

### Conclusion

We found the disclosed accounting policies, significant accounting estimates and the overall disclosure and presentation to be appropriate for the academy trust.

## Other communication requirements

### Fraud or suspected fraud

We have not been made aware of any incidents in the period and no other issues have been identified during the course of our audit.

Our work as auditor is not intended to identify any instances of fraud of a non-material nature and should not be relied upon for this purpose. In the event that the trustees wish to obtain enhanced assurance with regard to the effectiveness of internal control in preventing and detecting fraud we should be happy to provide additional services.

### Non-compliance with laws and regulations

The principal laws and regulations with which the academy trust complies include company and charity law and the ESFA regularity framework. We are not aware of any significant incidences of non-compliance.

There are also may other laws and regulations relating to health and safety as well as human resources generally and industry specific requirements. We are not aware of any significant incidences of non- compliance.

### Written representations

We enclose the final draft letters of representation covering the financial statements and regularity audits at Appendices I and II which we will request the Board to sign at the same time as the financial statements are approved.

### Related parties

We are not aware of any related party transactions which have not been disclosed – further consideration of our audit work is detailed above.

### Confirmations from third parties

All requested confirmations have been received for which we undertook alternative audit procedures.

### Regularity reporting

The second audit report pertains to our work on regularity, the concept that governs appropriation of funds within Academy Trusts. Again, our report is unqualified which means that there is nothing that has come to our attention that requires reporting formally in the accounts. Details of the work we have done to reach this conclusion is include in our report on regularity in the financial statements.

## Misstatements

We are required to inform you of any significant misstatements within the financial statements presented for audit that have been discovered during the course of our audit. Details of items corrected following discussions with you and your team are as below.

## Uncorrected misstatements

A number of non-trivial uncorrected misstatements were discovered during the course of our audit and these are summarised below. We have discussed the uncorrected misstatements with management and have confirmed that individually and in aggregate the effect is not material.

No	Detail	SOFA		Balance Sheet		Funds effect
		Dr £	Cr £	Dr £	Cr £	£
1	Pupil Premium additional accrued income	-	1,506	1,506	-	1,506
2	Anticipated CIF clawback on boiler project	2,333	-	-	2,333	(2,333)
<b>Net effect to audited surplus/(deficit)</b>						<b>(827)</b>

## Internal controls

The purpose of an audit is to express an opinion on the financial statements. As part of our work we considered internal controls relevant to the preparation of the financial statements such that we were able to design appropriate audit procedures. However, this work was not for the purpose of expressing an opinion on the effectiveness of internal controls.

We are required to report to you in writing, significant deficiencies in internal controls that we have identified during the audit. These matters are limited to those which we have concluded are of sufficient importance to merit being reported to you.

Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we have reported these to you below.

For the purposes of submitting your financial statements to the ESFA, we identified no high or medium risk recommendations and 2 low risk recommendations.

Area	Observation	Implication	Recommendation	Management response
VAT	Only two vat claims were submitted in the year	There is an impact on cash flow for the academy on not claiming vat back in a timely manner	The academy should maximise its cash position by regular vat reclaims	This was an oversight, a claim is being submitted early in the new financial year.
Tendering process	During the year one purchase with a value in excess of £15,000 did not follow the FHB formal tendering procedure	There is a risk of not achieving value for money	The tendering policies as set out in the FHB should be followed	3 formal quotes were requested and 2 received. One company would not provide a formal quotation and provided a verbal quote. The Board were satisfied that sufficient process was followed to achieve value for money

Key: **Significant deficiency** in internal control **Other deficiency** in internal control **Other observations**

## Internal controls – update on prior recommendations

Audit issues communicated in the previous management letter and their status in the current period are outlined below.

Area	Observation	Implication	Recommendation	Resolved?
<b>Governance information is out of date</b>	Governance information per Companies House/ GIAS and the academy’s website were inconsistent. A review in year highlighted that this continues to be an issue	Inconsistent and out of date information on governance in several sources	We recommend all information sources are reviewed and kept up to date	This has been an oversight in year and the academy will make sure all information sources are updated
<b>Purchases system</b>	Invoices are posted into the accounting system with an incorrect date	This can lead to errors in reflecting expenditure in the correct period	Purchase invoices should be posted into the system on the date of the invoice	This is due to human error in a period where the finance team had been stretched

Key: **Significant deficiency** in internal control **Other deficiency** in internal control **Other observations**

## Independence

In accordance with our profession’s ethical guidance and further to our audit planning report to you confirming audit planning arrangements, there are no further matters to bring to your attention in relation to Integrity, Objectivity and Independence.

### Non-audit services

# Presentation of financial statements and approval process

## Introduction

Azets Audit Services is responsible for forming and expressing an opinion on the financial statements as a whole. We have carried out our work in accordance with our terms of engagement and with International Accounting Statements on Auditing (UK).

The accounts are in a similar format to previous years with no changes to format other than some additional detail around income, disclosure of legal fees and minor changes to certain notes.

The accounts breakdown into **five** key sections:

1. Reference and administrative details.
2. Trustees' Report, Governance Statement & statements on regularity and Trustees' responsibilities.
3. Audit reports – Statutory and Regularity.
4. Primary financial statements – Statement of Financial Activities (SOFA), Balance Sheet and Cash Flow statement.
5. Notes to the Accounts.

## Section 1 – Reference and Administration

- Members and Trustees – include details to date of approval.
- Senior leadership team – review and confirm.

## Section 2 – Trustees’ Report, Governance Statement and Statement on Regularity

- The Trustees’ Report and the following statements belong to you and we do not audit these reports, rather we ensure the information contained within them is consistent with the financial statements starting with the SOFA. We would encourage you to read through the statements and in particular take note of the statement of Trustees’ Responsibilities.
- There are some minor changes from 2020, guidance was provided by the ESFA in the Academies Accounts Direction and Supplementary Bulletin.
- Governance Statement – includes a note attendance at meetings, the accounting officer’s value for money statement and details of internal audit and any issues reported.

## Section 3 - Audit reports

### **We produce two reports.**

- The first is the statutory audit and is designed for us to provide a view as to whether the accounts provide a true and fair view of the Academy Trust’s financial activities. We have issued an unqualified report in this regard which means that we believe the accounts do show a true and fair view.
- The second audit report pertains to our work on regularity, the concept that governs appropriation of funds within Academy Trusts. Again, our report is unmodified which means that there is nothing that has come to our attention that requires reporting formally in the accounts.

  - a. Involving financial impropriety;
  - b. Related to laws or regulations that have a direct effect on the determination of material amounts and disclosures in the Academy Trust's financial statements;
  - c. Related to laws and regulations that have an indirect effect on amounts and disclosures in the financial statements, but compliance with which may be fundamental to the operations of the Academy Trust's business, its ability to continue in business, or to avoid material penalties; and
  - d. Involving management, or employees who have significant roles in internal control, or others.
23. We are unaware of any known or probable instances of non-compliance with the requirements of regulatory or governmental authorities, including their financial reporting requirements, and there have been no communications from regulatory agencies or government representatives concerning investigations or allegations of non-compliance, other than those already disclosed.

## RELATED PARTIES

24. Related party relationships and transactions, comply with the academy trust's financial regulations, relevant requirements of the Academies Financial Handbook and have been appropriately accounted for and disclosed in the financial statements. We have disclosed to you all relevant information concerning such relationships and transactions and are not aware of any other matters which require disclosure in order to comply with the requirements and guidance set out in the Companies Act 2006, the Charities SORP and the Academies Accounts Direction issued by the Education and Skills Funding Agency.

## SUBSEQUENT EVENTS

25. All events subsequent to the date of the financial statements which require adjustment or disclosure have been properly accounted for and disclosed.

## GOING CONCERN

26. We believe that the Academy Trust's financial statements should be prepared on a going concern basis on the grounds that existing cash reserves and future sources of funding or support will be more than adequate for the Academy Trust's needs.
27. We also confirm our plans for future action(s) required to enable the Academy Trust to continue as a going concern are feasible.
28. We have considered a period of twelve months from the date of approval of the financial statements. We believe that no further disclosures relating to the Academy Trust's ability to continue as a going concern need to be made in the financial statements.
29. Our assessment at the date of approval of these accounts is that the Covid-19 pandemic does not create a material uncertainty related to going concern. The notes to the financial statements disclose matters of which we are aware that are relevant to the Academy Trust's ability to continue as a going concern, including significant conditions and events, our plans for future action, and the feasibility of those plans.

#### **GRANTS AND DONATIONS**

30. Grants made by the Department of Education and Education and Skills Funding Agency have been applied for the purposes intended and the Accounting Officer has ensured regular and proper use and value for money of monies received from government.
31. All other grants, donations and other income, the receipt of which is subject to specific terms or conditions, have been notified to you. There have been no breaches of terms or conditions in the application of such income.

#### **DISCLOSURE OF INFORMATION TO THE AUDITOR**

32. We acknowledge our legal responsibilities regarding disclosure of information to you as auditor and confirm that so far as we are aware, there is no relevant audit information needed by you in connection with preparing your audit report of which you are unaware.
33. We confirm that so far as we are aware, there is no relevant other information needed by you in connection with preparing your reporting accountant's assurance report on regularity of which you are unaware.
34. Each trustee has taken all the steps that they ought to have taken as a trustee in order to make themselves aware of any relevant audit information and to establish that you are aware of that information.

## Roles and Responsibilities

### 1 Suitability checks

Trusts must ensure that their members are not currently subject to a direction made under section 128 of the Education and Skills Act 2008 which prohibits individuals from taking part in academy trust management, and that they do not appoint as a member, a person who is currently subject to a section 128 direction.

In the current Keeping Children Safe in Education statutory guidance (KCSIE), academies must carry out a section 128 check for all new governors / trustees.

Section 128 checks complement DBS checks by looking at the parts of someone's history that may not necessarily be criminal, but would still be worrying.

For example:

- Someone who undermines mutual respect for those of different faiths may not be charged with a hate crime, but you still wouldn't want them associated with your school
- An accountant who has breached the code of ethics set out by their professional body by using confidential client information for personal gain hasn't necessarily committed a crime, but you probably wouldn't want them overseeing your school's accounts.

You protect your school or trust's best interests by making sure you have a full picture of someone's suitability.

If you carry out an enhanced DBS check with barred list information on an individual, with 'children's workforce independent schools' specified in the parameters, the certificate will detail whether they are subject to a section 128 direction.

## 2 Parents in governance structure

The trustees of the academy trust are both charity trustees and company directors. The handbook refers to them as trustees.

The trust's articles of association will set out conditions determining the minimum number of trustees the trust will have.

All trusts should have reserved places for parents, carers or other individuals with parental responsibilities in their governance structure; trusts should hold elections to fill these places, as appropriate.

- Single academy trusts should have at least two such places on the board.
- Trusts with multiple academies should have at least two such places on the board or at least two such places on each local governing body where the trust has established them.

## 3 Safeguarding, health and safety and estates management

The 2021 handbook highlights trust's obligations in relation to safeguarding, health and safety and estates management

### Safeguarding

Academy trust boards have a duty to:

- safeguard and promote the welfare of children
- have regard to any statutory guidance on safeguarding issued by the Secretary of State
- ensure the suitability of staff, supply staff, volunteers, contractors and proprietors.

For further guidance see the Education (Independent School Standards) Regulations 2014

### Health and Safety

The main legislation covering this area is the Health and Safety at Work etc. Act 1974 and its regulations. Under the Act the academy trust, as an employer, is responsible for the health and safety of its staff, pupils, and any visitors.

Trust boards should follow the Department's 'Health and Safety: responsibilities and duties for schools' as well as 'Health and Safety Executive (HSE) guidance for Education'.

### Estates Management

An academy trust's estate is both an asset and a mechanism to deliver outcomes for pupils. The DfE expects academy trusts to manage their school estate strategically and maintain their estate in a safe working condition

Find advice, standards and tools for academy trusts at 'Good Estate Management for Schools'. This includes guidance on developing an estates strategy and asset management plan, and a self-assessment to identify estate management priorities.

#### **4 Senior executive leader as a trustee**

From 1 March 2022 any newly appointed senior executive leader can only be a trustee if the members decide to appoint them as such, the senior executive leader agrees and the trust's articles permit it. The Department's strong preference is for no other employees to serve as trustees, nor for trustees to occupy staff establishment roles on an unpaid voluntary basis, in order to retain clear lines of accountability.

#### **5 External reviews of governance**

An objective independent external review of the effectiveness of the board can be a more powerful diagnostic tool than a self-evaluation. External reviews are particularly important before the board undertakes any significant change - for example before a trust grows significantly, or in cases where concerns around governance arise. The Department's strong preference is that external reviews of governance are also conducted routinely as part of a wider programme of self -assessment and improvement. Reviews should also consider the interaction between members and trustees, including the extent to which members are able to assure themselves that the trustees undertake their duties effectively.

#### **6 Senior executive leaving the trust**

When the senior executive leader is planning to leave the trust (for example retirement or resignation), the board of trustees should approach their Regional Schools Commissioner (RSC) in advance to discuss their structure and options, including plans for recruitment

## **7 Clerk**

The handbook has introduced new terminology – the Clerk to the board is now to be called the Governance Professional.

The academy trust must appoint a governance professional to support the board of trustees who is someone other than a trustee, principal or chief executive of the trust.

## **8 Disclosure and Barring Service checks**

In complying with the Independent School Standards, and as set out in funding agreements, academy trusts must ensure enhanced Disclosure and Barring Service (DBS) certificates are obtained as appropriate for all staff and supply staff.

Similarly all academy trust members, trustees and individuals on any committees including local governing bodies are required to have an enhanced criminal records certificate from the Disclosure and Barring Service (DBS), which does not include a barred list check (unless in addition to their governance duties they also engage in regulated activity).

## **Financial Requirements**

### **9 Scheme of delegation**

The academy trust must have sound internal control, risk management and assurance processes. This should follow a tiered approach comprising:

- clearly communicated procedures, structures and training of staff
- appropriate day to day supervision and checks by management
- internal scrutiny overseen by an audit and risk committee
- external audit and assurance.

The control framework must:

- ensure delegated financial authorities are complied with and maintain appropriate segregation of duties
- co-ordinate the planning and budgeting process
- apply discipline in financial management, including managing debtors, creditors, cash flow and monthly bank reconciliations
- manage and oversee capital projects and assets, and maintain a fixed asset register
- ensure regularity, propriety and value for money in the organisation's activities
- ensure a risk register is maintained and reviewed by the board drawing on advice provided to it by the audit and risk committee
- reduce the risk of fraud and theft
- deliver independent checking of controls, systems, transactions and risks

## 10 Publication of executive pay

The trust must publish on its website in a separate readily accessible form the number of employees whose benefits exceeded £100k, in £10k bandings, for the previous year ended 31 August. Benefits for this purpose include salary, employers' pension contributions, other taxable benefits and termination payments. Trusts may wish to display this information in a tabular form showing in each column salary, pension etc.

Where the academy trust has entered into an off-payroll arrangement with someone who is not an employee, the amount paid by the trust for that person's work for the trust must also be included in the website disclosure where payment exceeds £100k as if they were an employee.

The trust is reminded of requirements under the Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017 for organisations with 250 or more employees to publish information on their website and on the government's reporting website about the gender pay gap in their organisation.

## 11 Special staff severance payments

Where the academy trust is considering a staff severance payment including a non- statutory/non-contractual element of £50,000 or more, (gross, before income tax or other deductions), ESFA’s prior approval must be obtained before making any binding offer to staff. ESFA will refer such transactions to HM Treasury, so trusts should allow sufficient time for proposals to be considered.

Examples of approval requirements are as follows:

Statutory/ contractual payment		Non-statutory/ non- contractual payment	ESFA/ HM Treasury approval required?
£30,000	+	£30,000	No
£60,000	+	£30,000	No
£30,000	+	£50,000	Yes- for £50,000

Academy trusts should demonstrate value for money by applying the same scrutiny to a payment under £50,000 as those over £50,000, and have a justified business case. Settlements must not be accepted unless satisfying the conditions in this handbook and in ESFA’s guidance and submission template.

Additionally, in accordance with HM Treasury’s Guidance on Public Sector Exit Payments, academy trusts must obtain prior ESFA approval before making a staff severance payment where:

- an exit package which includes a special severance payment is at, or above, £100,000; and/or
- the employee earns over £150,000. Find out more about severance payments. Use of confidentiality clauses 5.13 Academy trusts must ensure confidentiality clauses associated with staff severance

## 12 Documents available for public inspection

The trust must make available for public inspection:

- the agenda for every meeting of the trustees, local governing bodies and committees
- the approved minutes of each meeting
- any report, document or other paper considered at each meeting.

The trust may exclude from any item any material relating to:

- a named teacher or other employee or proposed employee
- a named pupil or student at the academy, or candidate for admission or referral to it
- any matter which, by reason of its nature, the trustees are satisfied should remain confidential.

## Internal Scrutiny

### 13 Chair of audit committee

The chair of trustees should not be chair of the audit and risk committee. Where the finance committee and audit and risk committee are separate, the chair should not be the same.

The academy trust must establish an audit and risk committee, appointed by the board.

- Trusts with an annual income over £50 million must have a dedicated audit and risk committee.
- Other trusts must either have a dedicated audit and risk committee or can combine it with another committee, such as finance.

The audit and risk committee should meet at least three times a year.

The audit and risk committee must:

- oversee and approve the trust's programme of internal scrutiny
- ensure that risks are being addressed appropriately through internal scrutiny
- report to the board on the adequacy of the trust's internal control framework, including financial and non-financial controls and management of risks.

Employees of the trust should not be audit and risk committee members, but the accounting officer and chief financial officer should attend to provide information and participate in discussions.

Where the audit and risk committee is combined with another committee, employees should not participate as members when audit matters are discussed.

## 14 Internal scrutiny independence

Internal scrutiny must:

- be independent and objective – for example it must not be performed by the trust's own accounting officer, chief financial officer or other members of the senior leadership or finance team
- be conducted by someone suitably qualified and experienced and able to draw on technical expertise as required
- be covered by a scheme of work, driven and agreed by the audit and risk committee, and informed by risk
- be timely, with the programme of work spread appropriately over the year so higher risk areas are reviewed in good time
- include regular updates to the audit and risk committee by the person(s) or organisation(s) carrying out the programme of work, incorporating:
  - a report of the work to each audit and risk committee meeting, including recommendations where appropriate to enhance financial and non-financial controls and risk management
  - an annual summary report to the audit and risk committee for each year ended 31 August outlining the areas reviewed, key findings, recommendations and conclusions, to help the committee consider actions and assess year on year progress.

## External Scrutiny and Regulator Intervention

### 15 External audit re-tender

Under the Companies Act 2006, academy trusts must appoint an auditor to give an opinion on whether their annual accounts present a true and fair view of the trust's financial performance and position (appointment being by the members, other than where the Companies Act permits the trustees to appoint – for example for the trust's first period of account). Trusts should retender their external audit contract at least every five years and must consider the relevant points below when evaluating:

- the auditor's sector expertise
- their understanding of the trust and its activities
- whether the audit process allows issues to be raised on a timely basis at the appropriate level
- the quality of auditor comments and recommendations in relation to key areas
- the personal authority, knowledge and integrity of the audit partners and their staff to interact effectively with, and robustly challenge, the trust's managers
- the auditor's use of technology

## **16 ESFA authority to obtain third party information**

ESFA or its agents may carry out audits and investigations at an academy trust. The trust must provide ESFA with access to all books, records, information, explanations, assets, premises and staff, and ESFA may take copies of relevant documents. ESFA may conduct interviews during its audits and investigations. ESFA will give reasonable notice in writing of proposed audits.

Where ESFA has concerns about financial management and/or governance at an academy trust, it may wish to obtain from third parties information or documentation about the trust which ESFA considers relevant for the purposes of its investigation. Academy trusts must provide ESFA with written authority giving permission for any third party to provide such information and documentation to ESFA or its agents on request of ESFA.

## **17 Cybercrime**

Academy trusts must be aware of the risk of fraud, theft and irregularity and address it by putting in place proportionate controls. Trusts must take appropriate action where fraud, theft or irregularity is suspected or identified.

Academy trusts must also be aware of the risk of cybercrime, put in place proportionate controls and take appropriate action where a cyber security incident has occurred.

Trusts must obtain permission from ESFA to pay any cyber ransom demands. ESFA supports the National Crime Agency's recommendation not to encourage, endorse, or condone the payment of ransom demands. Payment of ransoms has no guarantee of restoring access or services and is likely to result in repeat incidents.

## **18 Financial notice to improve**

The handbook has introduced new terminology – the financial notice to improve is now to be called a Notice to improve.

Where ESFA has concerns about financial management and/or governance in an academy trust it may issue, and publish, a Notice to Improve (Ntl). The trust must comply with the Ntl. Failure to comply will be deemed a funding agreement breach. The funding agreement may be terminated due to non-compliance with a Ntl.

ESFA will notify the trust of the date of which ESFA has published the Ntl. The trust must then publish the Ntl on its own website within 14 days and retain it on the website until the Ntl is lifted by ESFA.

A Ntl describes what a trust must do to address concerns about financial management or governance. For example, a Ntl may be issued due to an actual or projected deficit, cash flow problems, insolvency risk, irregular use of public funds, or inadequate governance and management (including weak oversight by trustees, poor internal scrutiny and breaches of related party requirements).

## Other

### 19 ESFA good practice guidance

The ESFA have issued a number of good practice guides. They do not replace or modify any requirements set out in the Academy Trust Handbook and the Academies Accounts Direction. They aim to provide suggestions about good practice.

Currently the following is available as a good practice guide:

- Streamlined Energy and Carbon reporting
- Operating an academy trust as a going concern
- Choosing an external auditor for an academy trust
- Academy trust deficit recovery
- Academy trust risk management
- Leasing guidance for academy trusts
- Academy trust management accounting
- Internal scrutiny in academy trusts

- Academy trust management letters
- External audit preparation checklist for academy trust guidance
- External audit preparation checklist

## 20 VAT – audit review

The academy is currently not VAT registered and reclaiming VAT via the Form 126/ quarterly.

Our audit does not examine VAT in detail and our audit procedures are not designed to detect immaterial fraud or error. Therefore, we have not reviewed individual streams of income to:

- a. Assess whether the academy is over the VAT registration threshold
- b. Ascertain whether the VAT reclaimed is correct

There are a number of income streams that may be liable to VAT, we have provided some common areas below, but please note this is not an exhaustive list:

1. Contracts whereby you receive commission or the net of income/costs for items such as uniform. The contract may be worded in such a way that you are actually the primary supplier and not an agent, if this is the case then you may be liable to register and charge VAT on these items.
2. The sale of meals to staff is a supply liable to VAT. The VAT treatment of outsourced catering contracts means that an Academy will act as principle in the sale of all meals. The sale of a meal to a member of staff (not a duty meal) will count towards the VAT registration limit
3. Certain supplies under salary sacrifice schemes can have a VAT implication either as the amounts count towards the VAT registration limit or VAT on expenses could be restricted.

4. Although the majority of income from letting the premises will be exempt depending on the exact nature of the “let” and to whom the let could be “taxable”. If additional services are supplied as a separate cost, they would be seen as taxable. Any charges for parking would be taxable.

From experience most Academies have some business income and if not VAT registered we would expect there to be some irrecoverable VAT and is the Academy carrying out the appropriate restrictions and checks on the VAT claimed via the VAT 126 form

If required Azets can organise an initial meeting with our VAT experts to discuss any potential issues or pitfalls with you.
